Spaldwick School where every day is a chance to LEARN and SUCCEED

Message from Mrs Worrell

I don't think anyone could have imagined the changes that could take place in one short month. When I opened my previous newsletter, it was full of diary dates, baking opportunities, sporting events and an invitation to our aspirations day. Unfortunately, this month has seen all events being cancelled and a partial school closure. Whilst we all understand and support the decisions being made we cannot help but feel disappointed.

The current situation has far reaching consequences for us all and although we are not physically with you, please be assured you can count on our support. As a school we all hope we will back together soon, but in the meantime we will try our best to work with you to make things as easy as we can.

Take care everyone and Happy Easter.

Working from Home

We know working from home and juggling looking after your children is a real challenge.

Please do not try to replicate school at home, we do not expect you to become teachers or transform your homes in to classrooms. Social media is a wonderful thing but not everyone is in the same position and seeing other people post what they are doing can make us feel like we are failing. At present, we all have challenges but they are different for each and every one of us so please do what is right for your family.

We advocate a little and often approach!

When school reopens we will carry out assessments to check where children are and teaching will be adapted to ensure children are taught from their individual starting points. All children will be in the same position due to school closures so this is not something to be concerned about.

After the Easter holidays we will be sending out the next home learning sheet by ParentPay. We will not be setting work or checking Tapestry during the Easter holidays.

Help and Support

Here are some links to services that can provide help and support but please remember we are always available too.
